The journey continues! ☀

In Chapter 4, we move from official announcements to the social media world, where Villarreal CF publicly welcomed Real SC into the Villarreal Academy family. This is another exciting milestone on the Road to Villarreal Boise, and we wanted our families and supporters to see it directly from Villarreal CF's own channels in Spain.

The Road to Villarreal Boise

The Road to Villarreal Boise is a journey, not a single event. Throughout the 2026-2027 season, we'll gradually introduce the many exciting components of our historic partnership with La Liga Villarreal CF, culminating with the full opening to the public of the Villarreal Boise Academy in June 2027!

For our current Real SC competitive players and families, this is your journey, too. You are not starting over or being left behind. The competitive program you are already part (regardless of the city in the Treasure Valley you are) of is the foundation of Villarreal Boise Academy, and throughout the 2026-27 season, you will be among the first to experience its new methodology, technical leadership, coaching development, and player and team opportunities. The Road to Villarreal Boise is the process of transforming and elevating the program you are already part of.

Next chapter

Building the Foundation: The Two-Phase Transformation

Understanding the two phases of our transition and why we are first building the substance before introducing the new competitive identity.

Stay tuned for future chapters!

Over the months ahead, we'll introduce many exciting aspects of this partnership, including:

Our Sister Club: Villarreal Idaho & Tournament Opportunities

While Real SC/Villarreal Boise Academy (Treasure Valley) and Villarreal Idaho Academy (Eastern Idaho) each maintain their own direct affiliation with Villarreal CF in Spain, there will be a strong collaboration. For example, there will be opportunities for interested players to travel with our sister club Villarreal Idaho, including tournaments here in Idaho and at select events beyond Idaho.

Villarreal CF's Player Development Methodology

Some elements of Villarreal CF's methodology and internal training materials are proprietary and confidential, so we will not be able to share those specific details publicly. However, we will share what we are permitted to share about Villarreal CF's broader training philosophy, player development principles, and methodology that are already in the public domain.

 **The Spanish Technical Director** assigned to our club

 **Coach Education Opportunities** in Idaho and Spain

 **Direct Player Evaluation Opportunities** in Spain

 **Team Playing Experiences:** Train, compete, and experience football in Spain with your team

 **Extended Residential Player Development:** Live, train, study, and develop alongside Villarreal Academy players in Spain

 **Camps** in our community delivered by Spain Villarreal CF coaches, including player identification

 **Our Vision for Villarreal Boise** beginning with the 2027-28 season

...and much more.

¡Endavant! Forward Together!

Vamos Real!
